Bryce Bronze Flush Mount

The Bryce Bronze Flush Mount is a modern fixture that is just as at home in any hall as it is in a bathroom. This simple round form is embellished with a motif that hearkens to industrial gears. Barry Goralnick is comfortable exploring these forms; the addition of the oil-rubbed bronze finish a handsome new touch. The classically inspired finial capped off with a ball adds a sophisticated focal point, and the glass diffuser in frosted glass provides an even glow. The Bryce is fitted with integrated LED technology.
