Avondale Natural Teak Counter Stool

Lovers of minimalism will be drawn to the Avondale Teak Counter Stool, which is made of natural teak wood. The mid-century modern design that inspired it has been pared down to make this a contemporary outdoor counter stool. The clean lines bring an uptick in style for added sophistication, and the wood from which it is made, famed for its durability, means the patio counter stool will stand up to the elements during each changing season with proper care.
