## Cullen Outdoor Chandelier

The Cullen Outdoor Chandelier showcases a modern and geometric design, crafted from black-coated stainless steel for both style and durability. Its open-frame structure features a cube shape with intersecting circular elements, creating a striking visual appeal. This chandelier is designed to withstand direct water exposure, making it ideal for outdoor use in various weather conditions. It includes a 12-foot chain, allowing for flexible installation heights. The chandelier houses four light bulbs, each with a maximum of 40 watts, providing ample illumination for outdoor spaces while adding a touch of contemporary elegance. This large chandelier measures 30.25"x30.25"x33" making it a great addition for taller ceilings.
