Gramercy Upholstered Bed

Todays casual contemporary aesthetic blends clean architectural lines with layers of texture, dramatic accessorization and a soft natural colour palette. Soft Italian Ultrasuede in a mocha brown is channelled horizontally on the headboard, which complements the warm brown undertones of the cerused Gray finish. We tucked our bedding into the low footboard and siderails which presents a welcome retreat but also showcases the natural beauty of the oak grain. We recommend using a Mattress and Base Ensemble

Gramercy Upholstered Bed
